**Defendant**

δ

**CIVIL ACTION NO. 3:09-cv-393**

**Motion For Legal Assistance**

Defendant, Mark Bochra respectfully submit the following motion and requests from the Honorable Court for possible Legal Assistance for the following reasons:

1. Defendant Mark Bochra is a college student who has attended 3 different Universities in the past 4 years (University of Illinois at Chicago, North Eastern University, and Wright college). The Defendant will graduate from the university of Illinois at Chicago in spring of 2010. Mark through his educational journey in his high school and college have proven to be an exemplary student who received multiple awards and accolades regarding his involvement in the community and his performance in school and college. His success in college and the passion to help the community continues to this day.
2. Due to Defendant limited finances, defendant is unable to compact with a long term lawsuit by himself.
3. Defendants was trying his best to compact with such ambiguous lawsuit sought by the Plaintiff and Plaintiff's attorneys and in the same time, tries to focus on his last courses toward graduation. However, the extreme burden of the legal matter has caused the defendant to fail one of his courses - Organic Chemistry II and took an incomplete in the course and will not be able to graduate unless he finishes the required course next semester. Furthermore, Defendant was receiving mostly A's and B's in spring of 2009 courses and is always a full time student, however, his grades started to drop when the defendant started to compact with the following lawsuit during fall of 2009. Defendant's grades changed from A's and B's to C's which will affect his overall GPA.
4. Defendants is a College student who wishes to attend medical school in order to become a cardiac doctor. Moreover, Defendant was supposedly be focusing on studying for his graduate medical exam and be able to receive his Bachelor of Science Degree in Biology in fall of 2009 and attend the graduate ceremony with his family in spring of 2010 and concentrate on applying to medical school and its hectic procedure. However, the following lawsuit has deprived the Defendant's right from doing some or all of the followings and has caused extreme suffering, anxiety, and other serious health issues to the Defendant (A copy of the defendant's medical

situation was mailed in a sealed envelope on November 13, 2009 from uic consoling center, in addition, to a different sealed medical record that was mailed on September 24, 2009).

5. After Initial disclosure with the Plaintiff's attorney, Defendant now acquired evidence that proves that the Defendant Mark Bochra is not the one involve in creating the alleged blogs or emails. However, without legal assistance or the court's assistance, defendant Mark Bochra does not know how to proceed with such evidence in front of the court by himself. Moreover, Defendant is a resident of Chicago and not of Texas, which puts excessive burden on Mark's condition due to limited finances, time, and the expensive costs of travel.

6. Furthermore, Defendant requests the court's assistance in order to file a subpoena identifying the user name "removeyourcontent" who has verbally harassed the Defendant and was intentionally defaming and inflicting emotional distress on the Defendant prior to the original complain filled on August 14, 2009. Specifically, after the response to the UIC-Subpoena was received and stamped by Plaintiff's attorney on June 9, 2009. On this same day, Plaintiff used such information and posted information related to the Defendant online, on an adult website; ignoring the court's rules or procedure. Plaintiff has wrongfully misused the subpoena's information in such a wrongfully manners.

7. Does the court require more evidence identifying the username "removeyourcontent" or is the matching date June 9, 2009 is enough evidence in proving that it is indeed the plaintiff who verbally harassed the Defendant on an adult website (please see attached documents).

8. In addition, the same user name "removeyourcontent" has posted other individuals' names, home addresses, telephone numbers, and other private information on purpose on the web in the past year. This is a clear violation of PII "Personal identifying information" law, which prevents people from releasing an individual's private information. PII can be exploited by criminals to stalk or steal the identity of a person, or to plan a person's murder or robbery, among other crimes.

9. Although, Defendant's limited finances allows him to seek free legal aid in Chicago, however none of the free legal aid could consider providing legal advice or representing Mark in the following legal matter, due to the nature of the case (Litigation and Business Litigation) or due to the reason that the case is filed in Texas and no free attorney in Chicago could represent the defendant in a lawsuit in a state other than Chicago.

WHEREFORE, PREMISES CONSIDERD, for these reasons, Defendant prays that this motion be considered

Respectfully Submitted,

MARK Bochra  
Mark M Bochra

I love it when pirates threaten to sue. It's equitable to drug dealers threatening to sue the police for disrupting their operations. 200 calls my ass.

Also.. Quincy... your information is public.  
<http://whois.domaintools.com/fucktubetv.com>

Now.. with this little stunt, we're now forwarding every infringing video we find, in the future, directly to our client's attorneys.. over 60 at last count.

Have a nice day.:finger:

"Hi  
 I am Quincy Jones.  
 Owner of Fuctubetv.com.  
 I have complied with all your requests to remove all the copyright materials.  
 I am currently going to all the videos to delete copyright contents.

I do have an issue.

That issue is I received over 200 calls today.  
 Regarding a post that was found on a forum "AskdamageX.com"  
 The post was from your Handle Name in affiliate with your site.  
 Implying my address, phone number, and name.  
<http://www.askdamagex.com/f14/tru-dymez-com-fucktubetv-com-32424/>  
 Being that after your request of removal of contents.  
 I find it very unprofessional to do such vindictive action on your part..  
 After the fact you contacted me very professionally.  
 To come down to releasing my personal info in this manner. In a public forum.

You and I know the law protects both ways.

The copyright way and human way.

I have contacted my lawyer .

He had informed me I fall under the DMCA Title II, the Online Copyright Infringement Liability Limitation Act Safe Harbour protection.

Also I have contacted local law enforcement to document the thread on the forum of unlawfully releasing my personal information.

The reason I had to go this route is to protect any jeopardization of my immediate family and damages that may or may not come upon in the future.

With respect to you and your business [www.removeyourcontent.com](http://www.removeyourcontent.com)  
 I have the faith you will deal with this matter promptly

**WHOIS INFORMATION IS PUBLIC INFORMATION**

Whois Information might be public information at the Whois Site, posting it on a public forum might be a bit different in my opinion ....

I mean peoples names, addresses and phonenumbers are public information in phonebooks as well, but i doubt i can post them on porn forums or other places just like i wish. :2c:

Don't know what the law say, but I do know that it works two ways. That being said, I doubt that you will get in any heat for that!

While i'am very advanced in many levels of the law i'am indeed not an expert when it comes to privacy laws so i follow just common logic and in that case i would say that i could indeed be against a law.

Look, it's one thing what i could do for whois privacy or personal info privacy, BUT even IF i do NOT use any additionally features doesn't mean automatically everybody could/should use personal information anyway he might think it's ok.

My comment was more principal and generally, so is this one. Let me say it that way, just because someone did a crime doesn't mean automatically you can do him something illegal as well. As i said, just generally and about privacy as i think that things are not as easy as some may think they are....

It is public information that is freely available for anyone to look up. Your opinion is wrong.

As for phone books, it's freely available information that can be looked up by anyone with working eyes. Same concept as whois.
